

RH1PD-(90, 110, 120, 135) Volumetric Dough Divider with Rounder

Chanmag RH1PD-(90, 110, 120, 135) Volumetric Dough Divider with Rounder is a volumetric divider suitable for dividing various types of dough. This dough divider utilizes a piston based system that divides dough into a predetermined weight range. This helps ensure a more accurate weight range of the portioned dough.

Specification:

Dough Weight:

RH1PD-90 → 40~400 g/pc

RH1PD-110 → 60~600 g/pc

RH1PD-120 → 100~1000 g/pc

RH1PD-135 → 140~1400 g/pc

Capacity: Max. 2400 pcs/hr

Power: 1.5 KW

Net Weight: 550 KG

Machine Size: 730 × 1750 × 1310 mm (W×D×H)

Technical Features

1. Precise design manufacturing, strong body with steel material.
2. Meet wide range of dough weight. The weight of each dividing is very accurate.
3. Suitable for continuous dividing at sticky dough of bread and toast.
4. Can be combined with toast production line as main equipment unit.
5. It can save the labors cost and operation is easy. Also it can save money and increase the efficiency.
6. With special oil lubricating system to meet the characters of Eastern sticky dough.
7. Easy to operate for the demands of Eastern dough style which with high percentage of water, margarine & sugar.
