

CM-120AS Spiral Mixer With Removable Bowl

CHANMAG CM-120AS movable spiral mixer ensures to knead at short mixing duration, less consuming energy, rotational speed for making hygienic and finest quality dough. The hydraulic system with removable design can be integrated in the continuous industrial application. It is great for breads, bagels, pizza and gentle type dough and significantly reduces your operating time. With unique stainless steel bowl, spiral hook and all-sealed safety cover, time adjustable, forward and reverse operated, have 2 speeds for higher efficiency, simple to use manual or auto control, provides a practical and easy working.

Specification:

Dough Capacity: 120 KG

Flour Capacity: 75 KG

Bowl Diameter: 750 mm

Spiral Hook Motor: 5.7 KW

Bowl Motor: 0.75 KW

Hydraulic Motor: 0.75 KW

Power: 3 PH, 50/60 Hz

Net Weight: 762 KG

Size: 800 × 1540 × 1325 mm (WxDxH)

Technical Features

1. Removable design to meet with the removable demand.
2. Hydraulic opening system with protection equipment, good for safety usage.
3. Automatic adjustable stirring bowl design.
4. The rotation of bowl provided with direction change.
5. All-sealed safety cover: hygienic and clean.
