

Dear Sirs,

Thank you for your surfing on our website of AIZIA Technology, Inc. Here we provide an excellent proposal to maximize your profit in a risk-free way. Please refer to the following introduction of our unique technological products, **Top Spring® Life Energy Water LARGE System Model: LE102-1KT & LE102-3KT**. We'd like to customize the products for adapting to the conditions for you, and your consideration is much appreciated.

### The strengths of Top Spring® Life Energy Water System

#### Household Model:

1. Our **Top Spring® Life Energy Water System** provides the only technology of health for your family. Because of eating stale food is the main reason making people get ill. Sustained by our experiments which proves our unique technology possessing the high anti-oxidation capabilities. Such as black tea, one of the most easy-rotten ingredients, cause through the oxidation with air contacting, the black tea would be tasted worse even just after 5-10 minutes. However, using our Top Spring® Life energy Water can slow down the oxidation, also maintain the great flavor just like fresh-made. Only our water technology can offer this unique anti-oxidation capability of the whole world.
2. Keeping food fresh, such as vegetables, fruits, meats, and seafood. Immersed those ingredients into **Top Spring® Life Energy Water** will expand the freshness, and maintain precious nutrition of food. On the other hand, our fresh food supposed to be frozen in a freezer under  $-60^{\circ}\text{C}$ , but the actual temperature for the household's freezer is approximately between  $-10^{\circ}\text{C}$  to  $-15^{\circ}\text{C}$ . Causing the fresh food is rotten easily, furthermore, and loses 30% of the original nutrition. As the environmental concept included in our **Top Spring® Life Energy Water System**, we'd like to strive our effort to protect not only the health of each of your family, but also this earth where we live. For the number of statistics expresses that production of beef per kilogram would consume 20,000 liters of water. **Top Spring® Life Energy Water System** cherishes our natural resources without any waste.

### **Large Model:**

In another instance, pouring a glass of bargain whisky, brandy wine, vodka, soy sauce or vinegar, and soak it insolated in a bowl of **Top Spring® Life Energy Water** for 20-30 minutes. **Top Spring® Life Energy Water** can upgrade the quality and taste; also improve the low-class wine, soy sauce or vinegar to be a high-class one. We've made an experiment by a well-known brand of whisky, Jonny Walker, to make the 7-year red label upgrade to more than 21-year. If you're interested in the illustration, please refer to our video from the following link. <http://www.aizia.com.tw/eng/video/english-4.html>

### **The risk-free profit-making proposal:**

As we possess the leading multi-functional Food Processing Equipments and drinking water system, which will make a huge profit to your company, we're looking for an exclusive agent in each country to open this incredible market altogether. Cause our product holds the one and only technology of the world. We'd like to share our unique characteristic with beverages manufactories, such as mineral water, bottle coffee, bottle juice, bottle beer, bottle tea, bottle milk, and so on. We hope the agents could find the clients from the top 5 in each industry, because we won't provide our water technique to the other competitors in the same industry.

### **to Sole agents:**

1. Riskless business which will make tons of margin.
2. Only our sole agent can share the massive profit with us.
3. Helping the improvement of health of each customer.
4. Raised the comprehension of environmental protection.

### **to Manufactures:**

1. Offered the anti-oxidation capability to extend the freshness of ingredients.
2. Upgraded the quality and taste of the products.

Even our **Top Spring® Life Energy Water Large System** is the most state-of-the-art technology of the world; however, we're not selling the large system itself, but only require the loyalty fee to every manufacturer. After using our water into the drinking products, which will make the extra margin profit from the original price; then the loyalty fee will be charged from the extra part for a reasonable proportion. And we'll divide the loyalty fee into 7:3 with our sole agents, that represents we'll have 70%, and the rest 30% will be the agents'.

All you have to do is just taking care of the installation and the maintenance of our **Top Spring® Life Energy Water Large System**. We'll offer the machines and the materials by ourselves, so that's why we can absolutely address this proposal "RISKFREE". We're only looking for one agent for per country. Please contact us if you have the desire to grab this wonderful opportunity, then we believe you won't regret for this choice. "Top Spring® Life Energy Water System" would be your best partner of the business. Let us devote our endeavor for helping the health of more families, and our environment.
